

Superior Innovative Solutions – Elevator Pitch

Kings and Queens are not the only ones who should be treated like royalty.

We believe that you , the customer , should be treated as royalty as well, when you come to us for your facility maintenance needs.

Hello! I'm Wendy Lewis! President and CEO of Superior Innovative Solutions., also known as "SIS"

We are your one stop shop for all your company's industrial cleaning, janitorial services and waste management needs on a 24 /7 /365 basis.

We are located in Detroit, Michigan, however our service market is nationwide.

From factory deep cleaning , to hydro excavation, to environmental engineering , To the licensed removal of waste , to our pre and post construction cleaning services , we have you covered!

So, what makes us different?

We strive, with our talented team of experts, with over 40 years of collective industry experience, to exceed customer expectations with our safe, superior, innovative and on-time solutions.

What does this look like?

It's implementing specialized service plans for each of our valued clients;

Staying up to date on industry safety standards and processes; making sure that all team members are properly trained.

And ...its quickly adapting to the needs of our market .

When the Covid pandemic hit , we immediately pivoted to educating ourselves and our team members to Covid cleaning and disinfecting.

Some of our current clients include Ford Motor Company, Leadec Industrial Services and Clean Harbors.

We hope that you will be the next company to join our growing list of satisfied customers!
